Anti-Money Laundering / Counter-Terrorist Financing  
Statements issued by the Financial Action Task Force**

**(1) FATF Statement on High-Risk Jurisdictions subject to a Call for Action**

Further to our circular issued on 13 November 2020, this is to inform you that the Financial Action Task Force (“FATF”) in an updated statement issued on 25 February 2021 <sup>Note 1</sup> advised its members to refer to the list of high-risk jurisdictions subject to a call for action adopted in February 2020, namely Iran and the Democratic People’s Republic of Korea, and that the FATF’s call for action on these high-risk jurisdictions remains in effect <sup>Note 2</sup>. The FATF’s statement identifying high-risk jurisdictions subject to a call for action in February 2020 can be found on the website of the FATF at

(<http://www.fatf-gafi.org/publications/high-risk-and-other-monitored-jurisdictions/documents/call-for-action-february-2020.html>).

In response to the COVID-19 pandemic, the FATF has decided to pause the review process for this list from February 2020. While the aforesaid statement in February 2020 may not necessarily reflect the most recent status in Iran and the Democratic People’s Republic of Korea’s anti-money laundering and counter-financing of terrorism (“AML/CFT”) regime, the FATF’s call for action on these high risk jurisdictions remain in effect.

**(2) FATF Statement on Jurisdictions under Increased Monitoring**

In addition, the FATF has issued an updated statement on Jurisdictions under Increased Monitoring which can be found at

(<http://www.fatf-gafi.org/publications/high-risk-and-other-monitored-jurisdictions/documents/increased-monitoring-february-2021.html>) <sup>Note 3</sup>. Money service operators (“MSOs”) are reminded that four new jurisdictions were added into the list, namely Burkina Faso, the Cayman Islands, Morocco and Senegal.

The statement sets out the list of jurisdictions that have committed to resolve swiftly strategic deficiencies in their regime to counter money laundering, terrorist financing, and proliferation financing within agreed timeframes and are subject to increased monitoring. The FATF will closely monitor the progress made by these jurisdictions in addressing the identified strategic deficiencies and encourages its members to take into account the information presented in the statement in their risk analysis.

As the FATF will continue to assess the progress made by these jurisdictions in addressing the deficiencies in their AML/CFT systems and issue updated statements from time to time, MSOs are reminded to browse the website of the FATF for the latest information.
